FROM OUR READERS

Bellingham Highland Games
Association

The Bellingham Games are going to be held at Civic Field on June 5th.

The Games Organization has had several calls in regard to the exchange on Canadian money. Our entries have always been in American funds, however, the gate fee has been lowered each year since there has been such a difference in the exchange rate. Our gate for the last three years has only charged a 15% differential even though the exchange was several points higher. We would like very much to be able to take your money at par, however, when we take the Canadian money to the bank we are charged full exchange rate and it has at least been four cents on every dollar. I am sure that all the Games are suffering from inflation and we certainly have been hit hard. There is no such thing in Bellingham as a grant of any kind for us to apply for, consequently we are sliding through by the seat of our pants. For instance our field rent rose from \$125. to \$450. for the day; so please bear with us on the exchange delemma.

The concession stand in the park has nothing to do with us and is contracted through the City to a local club of which we have no affiliation.

We have been warned that if any motor homes or private cars remain on the field after the Games as they did last year, they will be under arrest by the local police and we will no longer be able to use the field.

Isla Paterson
President
Bellingham Highland Games
